

# How can I reset my user password from the MAXcore 2.0 portal login screen?

26 Thu, Jan 28, 2021 Account Administration

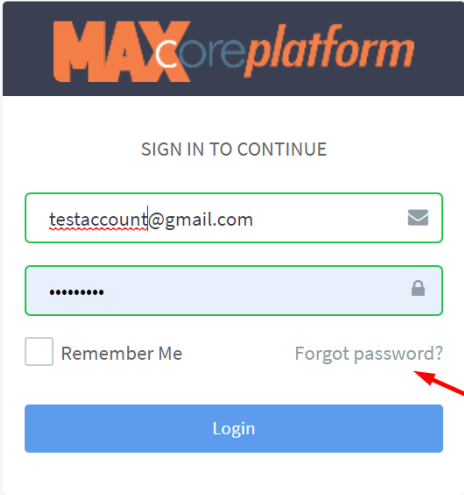

## Question

How can I reset my user password from the MAXcore 2.0 portal login screen?

## Answer

From the MAXcore 2.0 login screen, you can follow these steps to reset your user password:

You will use the Forgot Password link. Click "Forgot password?"

The screenshot shows the MAXcore 2.0 login interface. At the top is the 'MAXcoreplatform' logo. Below it is the text 'SIGN IN TO CONTINUE'. There are two input fields: the first contains 'testaccount@gmail.com' and the second contains masked characters '.....'. Below the password field is a 'Remember Me' checkbox and a 'Forgot password?' link. A red arrow points to the 'Forgot password?' link. At the bottom is a blue 'Login' button. The footer text reads '© 2020 - MAXCore2.0' and 'MAXCore2.0 web app'.

This will bring you to the Reset Password page. On this page you will enter your email associated with your MAXcore user account in the field provided. The email will be the same email used for your portal login ID. Fill with your mail to receive instructions on how to reset your password.

PASSWORD RESET

Fill with your mail to receive instructions on how to reset your password.

Email address

**Send**
