

# What is a hunt group?

36 Thu, Jan 28, 2021 Account Administration

## Question

What is a hunt group?

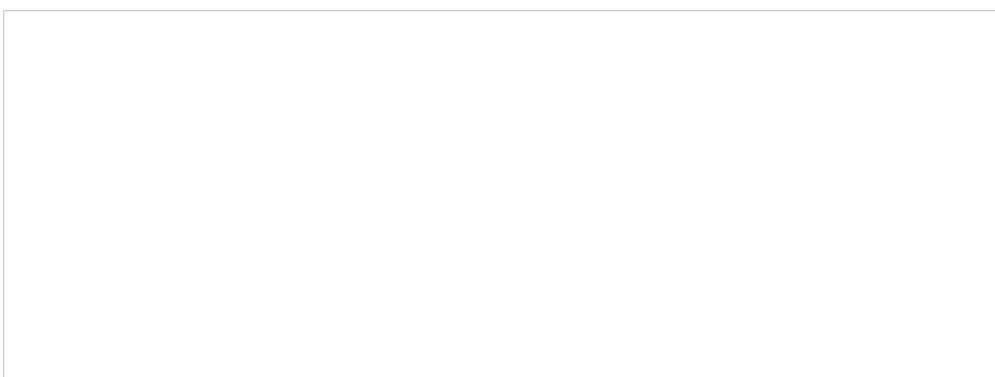

## Answer

A large, empty rectangular box with a thin grey border, intended for the user to provide an answer to the question.

The hunt groups tab displays the existing hunt groups and extensions assigned to each. From here you are able to create hunt groups using the  button. If a hunt group exists, the  can be used to edit the existing hunt group and  to delete it.

Clicking the name of the hunt group from the **Hunt Groups** tab will open the **Hunt Group Information** page.

## Hunt Group Information

A large, empty rectangular box with a thin grey border, representing the content area of the Hunt Group Information page.

At the top of the screen you will see the information that has been set up for the hunt group. At the bottom of the page are sections for Un-Scheduled Settings and Scheduled Settings. There are two columns for each and a schedule unique to the scheduled settings.

**Selected  
Extensions**

Extensions, which will be rung, that have been added from the available extensions using the  button.

**Available  
Extensions**

Active extensions under the group which can be added to the hunt group. Extensions that have been selected and need to be removed can be sent back to available by using the  button.

These settings are mirrored for the scheduled settings. With scheduled settings however, a time schedule can be created to ring selected extensions during a scheduled time.

Pressing  will take you to the **Create Schedule** page which will allow you to enter the times you would like the schedule to be active. Schedules can be edited at any time using the  button or removed with .
