

# What is an auto attendant?

39 Fri, Feb 2, 2024 Account Administration

## Question

What is an auto attendant?

## Answer

Auto Attendants are used for dynamic call routing based on the caller's input. In most cases the main phone number will have a destination that points to an Auto Attendant. From the auto attendant tab you will be able to create an Auto Attendant using . Existing Auto-Attendants can be edited using  and .
