

# What are paging groups?

42 Fri, Feb 2, 2024 Account Administration

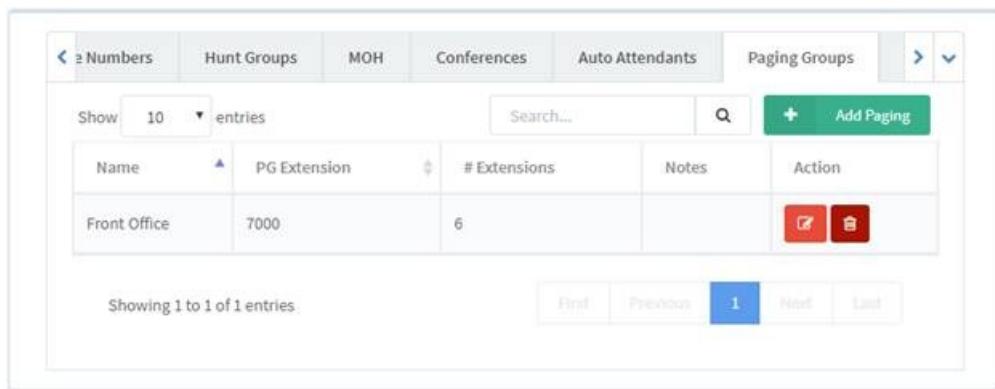

## Question

What are paging groups?

## Answer

Paging groups can be set up so that when dialed, multiple extensions will be dialed. Rules to follow when adding extensions are the following:

For Cisco phones auto answer needs to be enabled manually.

Name	PG Extension	# Extensions	Notes	Action
Front Office	7000	6		<input checked="" type="checkbox"/> <input type="button" value="Edit"/>

 Button that will open the **Create Paging Group** page. Paging Group Information must be entered to create a paging group

**Name** – Given name of the paging group.

**PG Extension** Given name of the paging group.

**# Extensions** The assigned extension for the paging group.

**Notes** Quantity of extensions that are currently selected to be paged.

**Notes** Optional field that can describe the group.

**Action** Options to edit and delete the group using  and .
