Question

How do I submit Ideas in the MAXcore portal?

Answer

The *Ideas* icon opens a link in which you can enter and submit suggestions and comments.   We're always developing and growing, and user input is the best way for us to make a better product for you. To fill out this form, we require your *first* and *last name, email address, suggestion type, details* of the suggestion, *other comments or suggestions,* and a radio box to confirm if you would like to be contacted regarding the submission.

NOTE – The ideas form is NOT intended for requests for service or support. Please contact the communications concierge team for support or service requests; 611, 800-493-3450 or customercare@vantage.com.
