Question

What information can I find under Directories?

Answer

The Directories tab contains a list of names, their extension, full 10-digit number if applicable, and the ability to initiate a call through the portal when you click on the button, your telephone(s) will ring. Once you pick-up, the selected extension is automatically dialed.

Name	Extension	Number	Action
1035	1035		<input type="checkbox"/>
Acceptance Capital Mortgage	0696	+12672020696	<input type="checkbox"/>
Dixie McCurley	2002		<input type="checkbox"/>
Stephen Gross	2001		<input type="checkbox"/>

- Name** Will either be the 4-digit extension or the name associated with the extension.
- Extension** The created extension within the group.
- Number** This field will be populated if a phone number in the system is pointed to an extension.
- Action** Using the will dial the contact from the portal. Please configure your click to dial extension first before making these calls.
